Gentlemen: We received the notice on the meeting for 5 April in the Highlands regarding Cordevista project. Before a decision is made, would it be possible to have a meeting here in Rainbow Bend. We too are a part of Storey County and would like to have our thoughts presented to the commission on this project. Having taken the tour and hearing the plan, we personally, think its a wonderful addition to the county, especially with the expansion of the industrial area in the county.

Sincerely,  
**Connie & Bud Mays, 86 Rainbow Bend**
