

TO: The Storey County Planning Commission
P.O. BOX 526
Virginia City, NV 89440

April 2, 2007

I would like to go on record, that I am opposed to the Cordevista development, and any Zone changes that would make that possible.

The area is just too sensitive to support such a large PUD. I am concerned about the Historical artifacts, Petroglyphs, the wild horses and all other wildlife being driven out or seriously compromised. The light, ground water, and air pollution will be as bad or worse than Reno. I bought in the Highlands to get away from congestion. This development will bring the taxes, and restrictions, that I was trying to get away from.

The "Studies" that Mr. Smith supposedly has done, do not incorporate any "SOLUTIONS". The Planning Commission should listen to the VC Highlanders, who they represent, and vote AGAINST any zone changes in Storey County at this time.

Please read this into the record at the meeting on April 5th 2007.

Thank you,
